### Additional Information

- (1) The net internal rate of return is net of all management fees and the carry allocation and is computed based on the effective dates of capital activity and the aggregate net assets at the end of the period (residual value) of the Investors' capital.
- (2) Classification of items of income (expense) for the period may differ for federal and state income tax purposes.
- (3) Contributions in the Outstanding Commitment section may include contributions related to transfers. The +/- Other unfunded adjustment or commitment changes may include the total commitment and any adjustment related to commitment transfers.
