- (1) Other Commitment Transactions generally represent non-recurring activity, such as fees and/or expenses paid outside of a fund commitment.*
- (2) Classification of income for the period may differ for federal and state income tax purposes, as applicable.*
- (3) Contributions may include deemed contributions, or contributions made by the Limited Partner outside of its commitment, as permitted by the Fund's governing documents. Distributions may include deemed distributions, such as the withholding of cash for tax payments or blocker expenses directed by the General Partner on behalf of the Limited Partner.*
- (4) Incentive distributions to the General Partner may include tax-related distributions.*
- (5) Unrealized gains and losses are calculated using investment valuation procedures in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). For more detail, please refer to footnote 2 of the most recent financial statements.*
- (6) Financing expenses includes credit facility fees and interest expense on the debt obligations.*
- (7) Other expenses includes legal, accounting, tax and other professional fees, consulting fees, custody fees and other expenses paid by the Fund.*
- (8) Management Fee Offsets may include advisory, director and certain other fees received by the Investment Manager, General Partner and their respective affiliates in connection with the Fund's investments and placement fees paid by the Fund.*
- (9) Performance measurement begins on the date of the Fund's first capital drawdown and reflects performance of the Fund as a whole, which may differ from the returns received by the Limited Partner. Fund-level returns presented herein may include the effect of subscription line financing, where applicable.*
- (10) Reflects returns and multiples of the partnership.*
- (11) Reflects returns and multiples of the limited partners.*
- (12) Calculated as (Net Asset Value + Distributions) ÷ Contributions; also referred to as Investment Multiple.*
- (13) Calculated as Distributions ÷ Paid-In Capital; also referred to as Realization Multiple. Reported only for funds that are no longer in their investment period.*
