Capital Commitment % represents investor's capital commitment as a percentage of total aggregate fund commitments related to AG Europe Realty Fund II, including any feeder or parallel funds. Net asset values and returns are net of management fees and performance allocations (if any). Net Investor IRR and Net Investor Multiple of Invested Capital assumes hypothetical liquidation of the fund on September 30, 2021 at the fair market value. This methodology does not take into account expected value to be added over the holding period of the asset(s). Net Investor IRR reflects a dollar-weighted internal rate of return, compounded annually, net of Angelo, Gordon's management fees, performance allocation and operating and organizational expenses associated with the fund. The Net Time-Weighted Return percentages for Year-to-Date periods reflect quarterly linking of time-weighted rates of return. The Net Time-Weighted Return percentages are based on weighted average contributed capital for each period and not on committed capital. Totals may not sum due to rounding.
